**Questions for Discussion/Reflection:**

1. Having heard all 5 of the highest values identified for our church now, do you see any “highest values” that you feel are missing? Why or why not?
2. As a group, discuss the 5 highest values in general. Which do you think are highly realized already at West Shore? Which do you think are more aspirational right now?
3. If all of these values became realized to a high degree at our church what would be the same and what would be different? Use examples to illustrate the feel, look, and reality of our life together in the church with these values realized.
4. Who has God sent you to? What is the next step in sharing the life giving, soul satisfying, news with them that Jesus is the risen Savior and reigning King who loves them?
5. What do you find most difficult to sacrifice for your covenant community: time, skills, money, or preferences? Why? What is one thing you can do this week to practice sacrificing that thing for the good of your church?
6. What makes engaging across generational lines enjoyable? What makes it hard?
7. As a life group are there things you could do to grow your engagement across the generations within our church?
