DISCUSSION & REFLECTION QUESTIONS

1. What does this story tell you about the kind of man Jesus was (and is)? How does He relate to people? Do you see any values or priorities emerging in the text?
2. Where was this man placing his faith, and would you define it as “insufficient” (according to last week’s sermon). How so? How does Jesus’ comment to the man about his sin (v14) impact your own perspective of your relationship with Jesus? How do you see Jesus “working until now” (v17) in your life, at our church, and in the world?
3. What kind of “*life*” are you looking for? Do you believe that Jesus can provide that - why or why not? Is Jesus offering a *different* sort of *life* ... and what does that look like?
