Questions for Discussion/Reflection:

1. Who do you think are the most vulnerable people in our area? Do you think we churches have a responsibility to care for these people? Why or why not? If so, what would a church need to know to do the work of caring well?
2. What is the best possible version of deep relationships in a church that you can imagine? What would mark those relationships? How would they be formed? What are some things you would need to do to see this vision come true?
3. Do you think our church needs to grow in diversity? Why or why not? If so, what do you need to do for us to grow in diversity?
